

RESOLUTION No. 454

A resolution adopting the 2016 General Sewer/Wastewater Facility Plan

WHEREAS, the City of Forks contracted with Gray and Osborne, Inc. to have a General Sewer and Wastewater Facility Plan ("Facility Plan") completed;

WHEREAS, a draft of the completed Facility Plan was made available to the public for review and comment;

WHEREAS, a mitigated determination of non-significance (MDNS) was issued, after analyzing a State Environmental Policy Act checklist associated with the Facility, and provided a significant comment period for responses;

WHEREAS, no comments were received by the City in association with the notification of the MDNS;

WHEREAS, the City Council held a public hearing on the proposed Facility Plan on 26 Sep 2016 and had advertised the hearing to the public and no one provided written comments on those proposed elements;

WHEREAS, no comments were received on the proposed Facility Plan before or during that hearing;

WHEREAS, following the 26 Sep 2016 hearing, Council determined that it could proceed with the adoption of the Facility Plan;

THEREFORE, THE CITY COUNCIL OF THE CITY OF FORKS RESOLVES THAT:

- Section 1. The 2014 - 2034 Facility Plan is hereby adopted as the guiding document for the City's general sewer and wastewater management, expansion, and capital improvement activities for the next seven year period, or until another such Facility Plan is adopted by the Council; and
- Section 2. City staff are directed to utilize the Facility Plan in the development of future planning, budgeting, and implementing efforts.

Passed this 10th of October 2016 by the City Council of Forks

Mayor Bryon Monohon
