Notice is hereby provided that the City Council will hold a public hearing to obtain input on a revised Flood Hazard Mitigation ordinance that would replace the current Chapter 14.05 of the Forks Municipal Code. A draft ordinance was developed and reviewed by the State's administrators and is now available for public comment and review.

A draft ordinance is available for review on the City's website at:

www.forkswashington.org

Public comment will be received during the allocated time of the City Council's regularly scheduled meeting on the date above.

Action could occur in a subsequent meeting of the City Council in March or April of 2024.
