

**Notice of Approval of
SPECIAL USE PERMIT**

**Vacation/Season Rental
321 Spruce Drive
Forks, WA 98331**

Project

Proponent: Raymond and Maria Erickson
321 Spruce Drive
Forks, WA 98331

Description of

proposal: Raymond and Maria Erickson sought a special use permit to allow them to offer their family home for use as a vacation/short term rental, when not being used by themselves. Currently, the family is utilizing the 1,500 sq. ft structure, but circumstances are requiring them to be elsewhere, and they are pursuing seasonal and short-term/vacation rental options when they are away. The single-family residence, completed in 2020, consists of the residence and the attached garage located on 0.87 acres which is zoned "Moderate Density Residential (R-3)." Vacation renters, as well as any month-to-month seasonal renters, would utilize existing utilities associated with the home, as well as the existing parking facilities. House utilizes an existing on-site septic system. No changes are planned to the structure or utilities associated with this change in use.

**Location of
proposal:**

Parcel associated with the County Tax Identification Number consists of three parcels being Lots 15-17 of Ford Park, found at V8 of Plats, Page 18, and located in the NW ¼ of the NE ¼ of the NE ¼ of Section 10, T 28 N, R 13 W, W.M., Clallam County, WA. Tax Id. No. 132803510870

Lead Agency Rod Fleck, City Attorney/Planner
City Planning Department, City of Forks
500 East Division
Forks, Washington 98331

Proposed

Project: Conversion of a single family residence into a vacation rental requires a special use permit which triggered the need for the State Environmental Policy Act (SEPA) review.

DETERMINATION

Property is a two-story single-family residence and as such could be rented out for periods longer than thirty days without any permit required. Proposal is to list the property for short term rentals when not rented for month-to-month periods or when not in use by the owner. The impacts associated with that change in use would be similar to a family living on site. No modifications are being made to accommodate this proposed future use. Onsite parking is adequate for this use. Proposed use would not conflict with other activities in the neighborhood.

Also, it is worth noting that the State Supreme Court had also determined that short-term rentals were not inconsistent with single family residential use and was not considered commercial use. *Wilkinson v. Chiwawa Communities Ass'n*, 180 Wn.2d 241, 252-53, 327 P.3d 614, 620 (2014).

APPROVAL OF PROJECT

Notice is hereby given that the above referenced applicant was granted a special use permit for the use described in the project description. A special use permit was required for any vacation rental in a separate facility zoned Moderate Density Commercial. A determination was made that the proposed use would not conflict with the neighborhood's existing uses, nor result in hazards or adverse environmental impacts arising from the proposed special use.

A SEPA determination regarding this use in relationship to potential environmental factors has been made. Additional information can be found in the SEPA review and permit issued by the City Planner. A copy of this is attached to those mailed this notice, and those reading the printed version of this may obtain a copy from Mr. Fleck at the number below.

Any affected party may appeal the decision to the Forks Planning Commission within 14 days of the date of the decision by the Planning Director. The appeal shall be filed in writing with the City Planning Director. The appeal must state the name and address of the appealing party, in addition, the appeal must state the specific problems that the proposed use would have with regard to the public interest; the creation of nuisances, hazards, and other adverse impacts; and/or, the lack of conformance between the proposed development and the comprehensive plan. The appealing party must sign the appeal. In addition, the \$100 fee plus the \$100 notice publication/notice deposit (the actual amount would be billed to the appellant) needs to be paid at the time of the appeal. Appeal must be filed prior to 1 p.m., 21 August 2024.

Forks, Washington 98331

Proposed

Project: Conversion of a single-family residence into a vacation rental requires a special use permit which triggered the need for the State Environmental Policy Act (SEPA) review.

Prior SEPA

Documents: None associated with this proposal.

The Lead Agency has determined that the above items do not have a probable significant adverse impact based upon the proposed mitigation required above. An environmental impact statement (EIS) is not required under RCW 43.21C.030(2). This decision was made after the review of a complete environmental checklist and other information on file with the lead agency. This information is available to the public on request.

This DNS is issued under 197-11-340 (2); the lead agency will not act on this proposal for a period of 14 days from the date of issuance to allow for agency review and comment, as well as comments from the general public. Comments must be submitted to the City Planner at:

Rod Fleck, City Attorney/Planner
Forks City Hall
500 East Division
Forks, Washington 98331

Comments will be accepted up to Noon, 21 August 2024. The City will review said comments together to determine the impact upon the stated DNS. Submittal of comments is not the same as a written appeal of this determination, or asserting lead agency status. The City may not issue any other determination if the review of the comments does not alter the stated DNS.

You may appeal this determination no later than Noon, 21 August 2024, by filing a written appeal with the City Clerk of Forks at 500 East Division, Forks, Washington 98331. You should be prepared to make specific factual objections. The appeal must be received prior Noon. Contact Rod Fleck at 360/374-5412, ext. 245 to read or ask about the procedures for appeals.

Signed on 6 August 2024

SEPA¹ Environmental Checklist

Purpose of checklist

Governmental agencies use this checklist to help determine whether the environmental impacts of your proposal are significant. This information is also helpful to determine if available avoidance, minimization, or compensatory mitigation measures will address the probable significant impacts or if an environmental impact statement will be prepared to further analyze the proposal.

Instructions for applicants

This environmental checklist asks you to describe some basic information about your proposal. Please answer each question accurately and carefully, to the best of your knowledge. You may need to consult with an agency specialist or private consultant for some questions. **You may use “not applicable” or “does not apply” only when you can explain why it does not apply and not when the answer is unknown.** You may also attach or incorporate by reference additional studies reports. Complete and accurate answers to these questions often avoid delays with the SEPA process as well as later in the decision-making process.

The checklist questions apply to **all parts of your proposal**, even if you plan to do them over a period of time or on different parcels of land. Attach any additional information that will help describe your proposal or its environmental effects. The agency to which you submit this checklist may ask you to explain your answers or provide additional information reasonably related to determining if there may be significant adverse impact.

Instructions for lead agencies

Please adjust the format of this template as needed. Additional information may be necessary to evaluate the existing environment, all interrelated aspects of the proposal and an analysis of adverse impacts. The checklist is considered the first but not necessarily the only source of information needed to make an adequate threshold determination. Once a threshold determination is made, the lead agency is responsible for the completeness and accuracy of the checklist and other supporting documents.

Use of checklist for nonproject proposals

For nonproject proposals (such as ordinances, regulations, plans and programs), complete the applicable parts of sections A and B, plus the Supplemental Sheet for Nonproject Actions (Part D). Please completely answer all questions that apply and note that the words "project," "applicant," and "property or site" should be read as "proposal," "proponent," and "affected geographic area," respectively. The lead agency may exclude (for non-projects) questions in “Part B: Environmental Elements” that do not contribute meaningfully to the analysis of the proposal.

A. Background

[Find help answering background questions²](#)

1. Name of proposed project, if applicable:

Residence @ 321 Spruce Dr VACATION/
Short term rental

2. Name of applicant:

Raymond J Euclem

3. Address and phone number of applicant and contact person:

321 Spruce Dr 360-640-2753

4. Date checklist prepared:

7-15-24

5. Agency requesting checklist:

owner

6. Proposed timing of schedule (including phasing, if applicable):

summer vacation rental winter residence &
short term rental

7. Do you have any plans for future additions, expansion, or further activity related to or connected with this proposal? If yes, explain. no

8. List any environmental information you know about that has been prepared, or will be prepared, directly related to this proposal. none

9. Do you know whether applications are pending for governmental approvals of other proposals directly affecting the property covered by your proposal? If yes, explain. no

10. List any government approvals or permits that will be needed for your proposal, if known. none

11. Give brief, complete description of your proposal, including the proposed uses and the size of the project and site. There are several questions later in this checklist that ask you to describe certain aspects of your proposal. You do not need to repeat those answers on this page. (Lead agencies may modify this form to include additional specific information on project description.)

VACATION & SHORT TERM RENTAL

12. Location of the proposal. Give sufficient information for a person to understand the precise location of your proposed project, including a street address, if any, and section,

321 Spruce Dr. (Residence)
