

CALL FOR BIDS

City of Forks
West E Street Improvements
Date of Bid Opening: May 21, 2026

NOTICE TO CONTRACTORS:

Bid Submittal: Sealed bids will be received by the City of Forks in person or by mail at Forks City Hall 500 E Division St, Forks, WA 98331. Mailed bids must be received prior to bid opening.

The Bid Form will be received up to 2pm on May 21, 2026. Bids will then be publicly opened and read aloud. Bids received after the date and hour above stated will not receive consideration.

Prospective bidders can view specifications for free through the QUESTCDN online plan center via the link at Jackson Civil Engineering - Projects (questcdn.com). There is a \$22.00 non-refundable fee to download a full set of contract documents in pdf format. Bidders should contact QUESTCDN at (952) 233-1632 or info@questcdn.com if unable to join or access the documents online.

QUESTCDN is a web-based platform for construction project advertisements, bid documents distribution and plan holder lists. Prospective bidders will need to join QUESTCDN to purchase and download the contract documents. QUESTCDN offers several membership levels and a "REGULAR" membership is free. If prospective bidders access the project directly from the QUESTCDN website, a seven-digit QUESTCDN project number (10173480) will be needed to locate the job on the QUESTCDN website search page.

Project Description: The project includes the following work:

This contract provides roadway improvements for West E Street from the intersection of 5th Avenue and West E Street to the intersection of Forks Avenue (US Hwy 101) and West E Street. Work includes, but is not limited to, pulverization of the existing pavement, pavement pulverization, shaping, and paving of the full roadway width (± 22) for approximately 1,793 linear feet. Additional work includes construction of a paved sidewalk along the north side of West E Street, installation of concrete curb with scuppers, drainage improvements, ADA ramps, permanent pavement markings, permanent signage, erosion & sediment control, traffic control, and all other work necessary to complete the project in accordance with the Contract Plans, Contract Provisions, and Standard Specifications.

Engineer's Estimate: \$457,229
